

# Challenging Behaviours at Home

Dear parents and carers,

We are starting a long term project to enhance the support we provide for you and your child/children at home and would like to get a better understanding of the challenging behaviours that you may experience at home.

Using the headings below please describe the presenting behaviours of your child/children, continue on a separate sheet if necessary. Please complete one per child.

Please send this back into school for the attention of Sarah Kellett / Sue Almond-Riley. Following the receipt of your responses we will complete an action plan of how we can support parents/carers within the home and contact you with further details.
