I hope you had a wonderful Easter holiday with your family and friends.

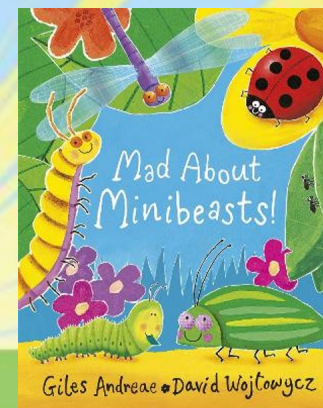

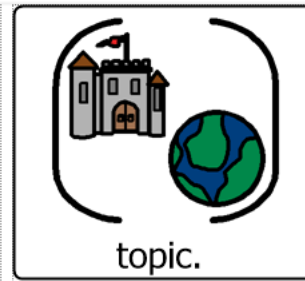

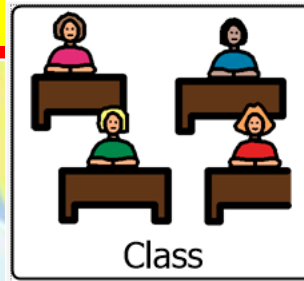

We are really excited to work with your child this summer term. We are also feeling quite emotional since some of the children will be leaving for new adventures in high school.

If any parent or carer requires assistance with their child's transition to high school, please contact a member of the Canaries team we are here to support you too! Sue also organises a parent group every Wednesday morning, where she provides support to all of our families.

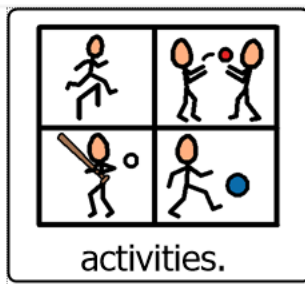

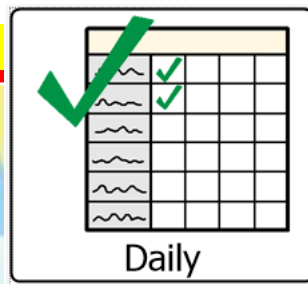

We have a range of exciting and engaging activities for your child to participate in in this term to help them meet their targets. We will continue to attend enrichment classes with the Macaws class.

This term we are focusing on self- confidence and self—awareness and the children will be taking part in lots of fun and engaging sessions linked to PHSE.

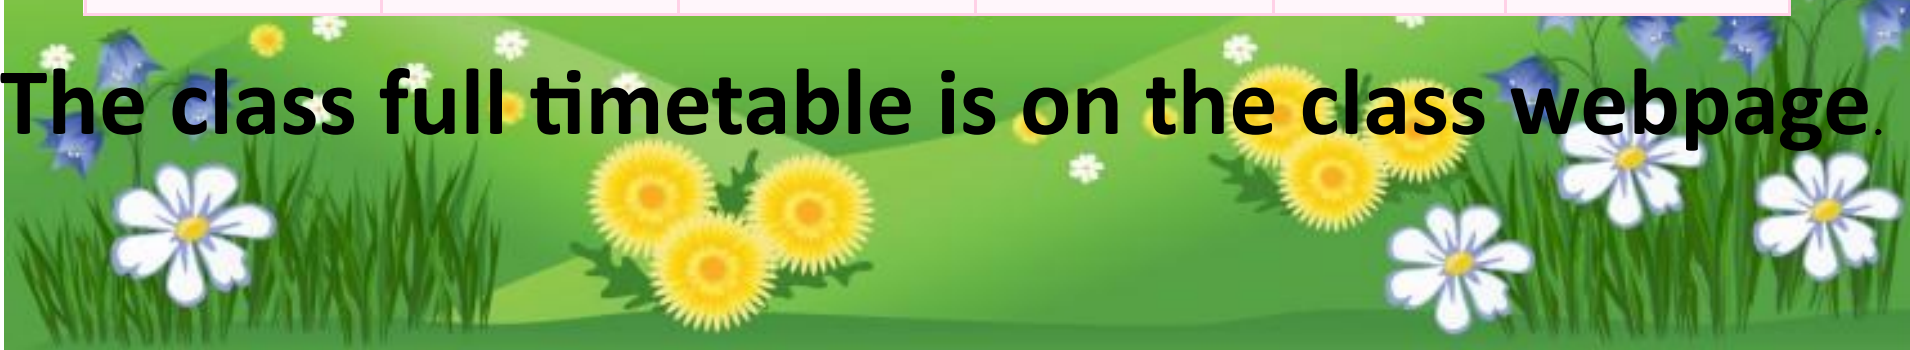

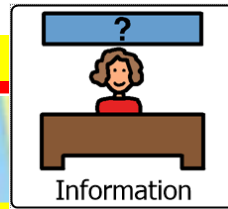

Your child will participate in a variety of activities related to the stories. We will keep you informed and display the children's photos and achievements on the class website.

Day	Monday	Tuesday	Wednesday	Thursday	Friday
Morning	Forest	Focusing on targets	Roar PE session	Cookery	Enrichment and PE
Afternoon	Enrichment	Science	Shopping in the local community.	Arts and crafts	Fun Friday! Children to take part in fun and engaging sessions.

The class full timetable is on the class webpage.

Every morning, the Canaries class will participate in a variety of programmes based on their targets. They will take part in numeracy, literacy, phonics lessons and guided reading. We will focus on their speech and language, using communication aids, lamp device, and symbols to support them in their communication.

The children are going to take part in Roar, dance, and PE activities; if you want your children to wear a PE kit, please send one to school with their name written on it.

We would like to thank you all for your support, and we look forward to you coming to school and participating in activities with your child.
