

Sunbirds Autumn Newsletter 2025

On Monday the children have an opportunity to go in to the hall for a PE session . Here they can practise their climbing skills and balance. They will be encouraged to move around the hall using the large space as they find different ways to travel across the floor and apparatus.

On Wednesday the children will be able to have a session in the sensory room and then the opportunity to go to swings.

Cookery sessions will happen on a Monday so please remember to send your class fund in to support the purchase of ingredients.

On Thursdays, the children can a turn in the soft play room.

This term they will also be taking part in a Shadow dance session with Lucy our dance specialist in the big hall.

Please label all items of clothing, bottles and packed lunch bags.

Our Story this term is 'The Three Billy Goats Gruff, a traditional Tale'.

We tell the story with props and supporting visuals and use this an opportunity for the children to learn about different animals who may be in the countryside or a local farm. They will also be recognising the different sounds that the animals make as part of the Phase 1 phonics. The children are listening to the Barefoot Sing along story 'The Three Billy Goats Gruff'. We will also be looking at seasonal change during Autumn and in to Winter time. This story and Autumnal topic forms the theme for our artwork for painting and craft activities. We are singing and signing to the songs that have an animal theme and autumnal elements too.

In line with school policy please no nuts or chocolate that may contain nuts in school. Thankyou.
